---

**November 1, 2009**

---

**New York, NY** – GGGroup is proud to announce their sponsorship of the American Symphony Orchestra for the 2009-2010 seasons. Hailed by New York Magazine as “one of the best programmed music series in New York”, the American Symphony Orchestra has earned much attention and audience approval through their rare and under performed works, and focus on “concerts of great music within the means of everyone”. The American Symphony Orchestra’s drive to share quality musical pieces with everyone is what attracted GGGroup to them, forging a valuable relationship between the two.

---

Outside of their sponsorship, GGGroup will also be providing the American Symphony Orchestra with backend technology management. GGGroup will provide business continuity, hosted email, security, and manage the conversion to a new phone system. GGGroup hopes that through their sponsorship and technology management, The American Symphony Orchestra will be able to maximize their operations, and continue to share exceptional, rare music with their New York City audience.
