

>>Strategic Management Services

If you find yourself needing more than just an extra pair of helping hands, then you need GGGroup's Strategic Management Services which include:

Change Management - Change Management delivery is to ensure that standardized methods and procedures are used for efficient and prompt handling of all changes to controlled IT infrastructure. In order to minimize the number and impact of any related incidents upon service, change management can ensure standardized methods, processes and procedures are used for all changes. GGGroup facilitates efficient and prompt handling of all changes, and maintains the proper balance between the need for change and the potential detrimental impact of changes.

Budget Planning - Plan your technology budget with GGGroup. Avoid useless expenses and make sure you get a worthy return for every penny you spend. Comparable to having an offsite CIO, GGGroup can help you control of all spending related to technology and make sure you buy only what you need.

Office Moves - Moving from one office to another can be quite difficult. Moving servers and reconnecting wires can be a very challenging task for someone untrained in the field. GGGroup's technicians will have the new the office up and running very quickly, eliminating down time and helping complete your successful relocation.

Staffing Services - We understand the ever growing need for talented IT professionals. GGGroup will help maintain your advantage over competitors by delivering highly skilled consultants when you need them most. We will pre-screen and pre-interview candidates making sure that only the best of the best will walk through the doors of your business.
